

Buy American Act & Build America Buy America

Many municipal, state, and federal projects include provisions that require iron, steel, construction materials, and manufactured products be manufactured in the United States.

For 115 years, G Lighting has designed, engineered, and manufactured quality commercial lighting in St Louis, Missouri while focusing on working with and sourcing materials based in the United States. We're proud that no changes were needed to any products to meet the current Buy American Act and Build America Buy America Act requirements.

Buy American Act - BAA

All of G Lighting's luminaires currently meet BAA requirements.

The Buy American Act (BAA) is a law that requires federal agencies to purchase domestic products and materials. It was first passed in 1933 to promote domestic economic growth and support for American industries by favoring US made products.

Build America Buy America Act - BABA

All of G Lighting's luminaires currently meet BABA requirements.

The Build America Buy America (BABA) Act was passed in 2021 as part of the Infrastructure Investment and Jobs Act. It requires that all iron, steel, manufactured products, and construction materials used in federally funded infrastructure projects be produced in the US.

Veteran Owned

In 2022, United States Marine Corps Veteran Mike Gross became the fourth generation owner.
